

### 4C's DONATION 4 NONPROFIT

The 4C model defines an integrated model where 4C's core strengths and resources are contributed back to the community; for example, 5 percent of all services are donated to our client-selected beneficiaries. Select from a list of nonprofits or clubs and/or designate a beneficiary of your own. Upon approval, 4C will add them to our list of beneficiaries and give you an opportunity to raise money and awareness for your organization within your community.

This is an introduction to the 4C integrated fund raising model and will demonstrate the advantages of our product donation program(s) for nonprofit fund raising. Upon conclusion, you will have a solid understanding of our nonprofit programs and have all the information you need to nominate beneficiaries and participate in 4C's community donation and cooperative opportunities.

#### 4C CORPORATE STRUCTURE

L3C's are a legal form of business entity created to bridge the gap between nonprofit and for-profit investing by providing a legal structure that facilitates investments in socially beneficial, for-profit ventures while simplifying compliance with the IRS. It is a blend between LLC and nonprofit business structures and is perfect to meet the vision and mission of our organization and team. For more information on L3C's please visit <http://en.wikipedia.org/wiki/L3C>.

#### THE SUM IS GREATER THAN ITS PARTS

At the end of the day, we hope that what we have created is greater than the sum of its parts. That is how we work, it is our mission, and it is how we connect. We see the power of the web providing the ability to deliver on-demand services while helping organizations making social investments as much as a business investment. Our goal is success, success in making your ideas real, success in scaling to great heights when the world takes notice. 4C, the Greater Sum.
